The seven-year programme targets all stakeholders who can help shape the development of appropriate and effective employment and social legislation and policies, across the EU-27, EFTA-EEA and EU candidate and pre-candidate countries.

PROGRESS mission is to strengthen the EU contribution in support of Member States' commitment. PROGRESS will be instrumental in:

- providing analysis and policy advice on PROGRESS policy areas;*
- monitoring and reporting on the implementation of EU legislation and policies in PROGRESS policy areas;*
- promoting policy transfer, learning and support among Member States on EU objectives and priorities; and*
- relaying the views of the stakeholders and society at large.*
