

WiRES – Women in Renewable Energy Sector

Third partners meeting Karlsruhe, 27-28 May 2010

Akademie Hotel, Am Rüppurrer Schloß 40, 76199 Karlsruhe, Germany

Participants:

- Emil Rogov (UPEE);
- Emilia Markova (CITUB);
- Rossu Balazs (University of Szeged);
- Lisa Rustico (Adapt);
- Selma Terzimehic (Adapt).

Agenda:

1. Post – workshop thematic dossier
2. Final report
3. Updated case studies' template
4. Final conference
5. Project development: workload sharing and timetable

1. Post – workshop thematic dossier

- Each partner agreed to contribute to the Dossier, which will follow the workshop with an article summarizing their presentations at the workshop, by 11th June 2010 following the editing guidelines Adapt would provide.
- The partners agreed on the following draft dossier outline:
 1. Arshad Rab (ETECH), Editorial (human capital) ?
 2. Balazs Rossu (SZEGED), Supranational legal issues
 3. Selma Terzimehic (ADAPT), Women in wind
 4. Emil Rogov (UPEE), Women in renewables in Bulgaria
 5. Lisa Rustico (ADAPT), Jobs in renewables. Any chance for women?
 6. Liliana Ocmin (CISL), speech
 7. CISL newspaper's article
 8. Workshop flyer
 9. ?

WiRES (Women in Renewable Energy Sector) is a project co-funded by the European Commission, DG Employment, Social Affairs and Equal Opportunities (budget heading 04.03.03.01, *Industrial Relations and Social Dialogue*).

The sole responsibility of this event lies with the Author and the European Commission is not responsible for any use that may be made of the information contained therein.

2. Final report

- The partners have modified the draft index of the final report agreeing that:
 - UPEE will integrate the first chapter of the final report with data on employment in Biomass sector at the European level (ADAPT will deliver the first Chapter to the partners).
 - Szeged University will cover the chapter on social dialogue in Europe (greening social dialogue, for equal opportunities; collective agreements in renewables? Mr. Rossu and Ms. Rustico will further keep in touch to define exactly the extent of Szeged's research).
- Contributions to the final report will be provided by 16th July 2010.
- Each partner will work on a specific case study, as previously agreed: both UPEE and Szeged stated they are in touch with a number of companies in biomass sector and therefore their case study will regard biomass (consequently, the final report index has been modified).
- Partners agreed on case studies' methodology basically consisting on interview and consultation
- The representative of the Faculty of Law from Szeged, Mr. Balasz Rossu is available to be contacted and contribute to the part related to social dialogue in renewable energy sector.

3. Case studies' template

- The partners accorded to work on the case studies selected at the company level, yet always focussing on social dialogue;
- Hungarian and Bulgarian partners confirmed the decision to work on a case study concerning the biomasses, while Italian partners' case study will probably concern a company operating in all technologies for renewables (hydro, biomass, geothermal, wind and solar), analyzing how gender issues were taken care of, at the moment of the creation of the company and how social dialogue contributed to enhance female workers opportunities in the company.
- The case studies should be delivered by the 16th July.

WiRES (Women in Renewable Energy Sector) is a project co-funded by the European Commission, DG Employment, Social Affairs and Equal Opportunities (budget heading 04.03.03.01, *Industrial Relations and Social Dialogue*).

The sole responsibility of this event lies with the Author and the European Commission is not responsible for any use that may be made of the information contained therein.

4. Final conference

- The partners accorded on the draft agenda of the final conference that will be organized in November 2010 in Bruxelles. The suggested date is 16th of November, still to be verified.
- The partners will invite social partners from own countries and other European representatives to the final conference.

5. Project development: workload sharing and timetable

- The partners discussed the programme for the next workshop that will take place in Milan, Italy. The Workshop will be organised by the Adapt and the suggested date (still to be verified) is 16th July 2010.
- The University of Szeged is available to give their substantial contribution, as the workshop will focus on legal issues and the role of social dialogue.
- The partners accorded the next Conference call – online meeting on Monday, 14th June 2010 at 10.00 am.
