

SUPPORTING THE SCHOOL

The School is supported by private and public funding. As a result, doctoral students may be asked over the academic year to carry out specific project research and to undertake an internship at the company/institution funding their scholarship.

The School also welcomes any kind of collaboration; its academic programs are intended to meet business demand in terms of management and organizational strategies, also by promoting company tours, involving professors from other universities and providing students with useful material for further research.

ADAPT and CQIA also carry out research and draw up conventions on the behalf of third parties, on the basis of funding collected to support the International Doctoral School in Human Capital Formation and Labour Relations.

ABOUT US

CQIA – Academy for Teaching and Learning Quality of the University of Bergamo, set up in 2005, aims at promoting and developing study and research, together with institutional and private bodies, supported by the faculties and the departments of the University. CQIA also promotes vocational training and professional development for teachers and managers, providing support, monitoring and evaluation of reform and innovation processes in terms of teaching and learning quality. For further information please visit www.unibg.it.

ADAPT – Association for International and Comparative Studies in the field of Labour Law and Industrial Relations is a nonprofit organization, set up by Marco Biagi in 2000 with the aim of promoting research in the field of Industrial and Labour Relations from a comparative and an international perspective. The main purpose of ADAPT is to provide an innovative method of carrying out academic research, while developing long-term relationships with businesses, organizations, institutions, and other institutes for advanced studies.

For further information please visit www.adapt.it.
