

# a new approach to **ACADEMIC RESEARCH**

ADAPT was Professor Marco Biagi's brainchild to promote a new approach to academic research. It draws inspiration by the European Employment Strategy, and, in particular, by the pillar of "adaptability" of workers and enterprises to the challenges posed by modern labour markets. ADAPT is a non-profit organization, founded in 2000 in collaboration with the Centre for International and Comparative Studies DEAL - Marco Biagi Department of Economics - University of Modena and Reggio Emilia.

Since 2007, the ADAPT funded and promoted:

- **3** PhD Schools
- **91** three-year PhD scholarships
- **31** apprenticeship contracts for higher education and research
- **55** one-year research grants at the University of Modena and Reggio Emilia
- **33** private scholarships for higher education programmes
- more than **1,100** national and international conferences
- **4** journals, **3** academic book series, **3** bulletins on labour issues

**ADAPT** • Association for international and comparative studies in the field of labour law and industrial relations.
