■ 2011 - 2013

Professional Skills

- Thorough knowledge of the courses attended during the university course, with particular reference to:
 - Labour law (evaluation 30/30)
 - Advanced Labour law (30/30)
 - Commercial Criminal law (30/30)
 - Law of Financial Markets (30/30 cum laude)
- Writing articles and reports
- Jurisprudential research

Language Skills

Italian (mother tongue); English (level B1, spoken and written).

IT Skills

Detailed knowledge of the Office package.

Personal and Social Skills

I am reliable and loyal: I do not say everything I think but I think everything I say. Since I was 16 I have been student representative, I have learned to be myself with people different from me (as for age, education or opinions) and I can work both alone and in groups. I think I am a realistic and courageous person. My most important quality is to get embarrassed when I list my "personal and relational skills".

Non-professional Interests

I listen to rap music, I watch the NBA, I support the soccer team Inter. I play soccer and I practice parkour, even if I'm not very good. Once a week, for the last five years, I have helped children study and, in return, they have helped me. My favorite movie is *Se7en*; or maybe *Forrest Gump*; or maybe *Batman the Dark Knight*. If God didn't exist, I would believe in Kobe Bryant. I want to change the world or understand what it means.
