Professional Skills

Research and data analysis skills: academic studies and practical experiences have equipped me with the necessary skills to manage a research project from its initial planning stages to the final stages of data analysis.

HR-related skills: my professional experience in human resources has given me a comprehensive understanding of the administrative processes involved in personnel management. I recognize the importance of staying updated on the regulatory framework and prioritizing the well-being of all employees.

Skills in Labor Law: My academic background has provided me with a comprehensive overview of the regulatory framework governing employment relationships

Language Skills

Italian: mother tongue

English: advanced (Understanding C1, Speaking C1, Writing B2)

IT Skills

Excellent knowledge of Office Suite

Excellent knowledge of software applications for qualitative and quantitative data analysis

Excellent knowledge and use of social networks

Professional knowledge of software applications for HR management

Basic programming in C, HTML and CSS

Personal and Social Skills

- Communication, active listening, feedback seeking
- Team work and collaboration, team building
- Time management
- Adaptability in handling changing and challenging circumstances

Non-professional Interests

I love music and I play guitar and percussions.

I am passionate about technology and computer science, particularly in the world of open source and free software.
