Professional Skills

Legal skills: thanks to my university studies and my work experiences, I have learned the ability to move within the legal world relating to businesses, starting from the perspective of business law and arriving at the regulatory framework relating to the world of work.

Skills in the Quality & Compliance field: the university experience and some in-depth courses were fundamental in learning about the Quality & Compliance world relating to businesses.

Skills in international and European law: thanks to the master's degree course and the elective courses attended, I was able to constantly and broadly delve into the European and international legal field, developing projects (thesis, research, etc...) and studying both the main aspects and in detail, focusing in particular on European labor law.

Language Skills

Italian language:
native language.

English language:
*European level B2.

IT Skills

Good ability to use the Office package (Word, Power Point, Excel, Microsoft Teams, Outlook, One Drive).
Good skills in word processing and management of the main software

Personal and Social Skills

Working as a bartender allowed me to improve my skills customer relationship skills, develop skills in teamwork, effectively managing stressful situations e clearly analyze work situations to be faced.
Reliable, stubborn, willing, open-minded and prone to discussion, ability to work in a group but also individually, with the ability to organize independently.
Excellent problem solving attitude .

Non-professional Interests

Sports in general, with particular reference to cycling, swimming, tennis and skiing.
Great interest in art.
